

LEGACY MEETS PASSION.

All our pioneering spirit in one truck.

For everyone who wants to not just celebrate 130 years of truck history but experience them. The “130 Years Trucks Edition” combines exclusive design with historically inspired details, turning a remarkable legacy into a bold statement on the road.

Mercedes-Benz
Trucks you can trust

For 130 years, Mercedes-Benz Trucks has stood for the ambition to keep rethinking transport. The “130 Years Trucks Edition” brings that ambition to the road – as the Actros L with ProCabin and, as our first-ever eTruck special edition, also as the eActros 600. With exclusive design and comfort features as well as historically inspired details, it demonstrates that progress is never a coincidence. It is driven by passion.

EXTERIOR

The signature wrap.

The black front wrapping highlights the chrome wings, the Mercedes-Benz star and the Actros lettering to striking effect. Intricate illustrations on the sides of the cab celebrate 130 years of truck history while paying tribute to the company founders, Gottlieb Daimler and Carl Benz.

Paintwork.

The exclusive MB 9729 Legacy Silver Metallic paint finish is inspired by metallic shades from Mercedes-Benz Trucks' heritage, giving the special edition a refined and unmistakable appearance.

Exclusive paint details.

The cardinal red finish of the TechIsland is a contemporary interpretation of the historic "Oxblood" colour – a deep red shade that defined the appearance of many classic trucks. It creates a distinctive accent along the side profile, flowing seamlessly from the entry step to the wheel arch.

The front.

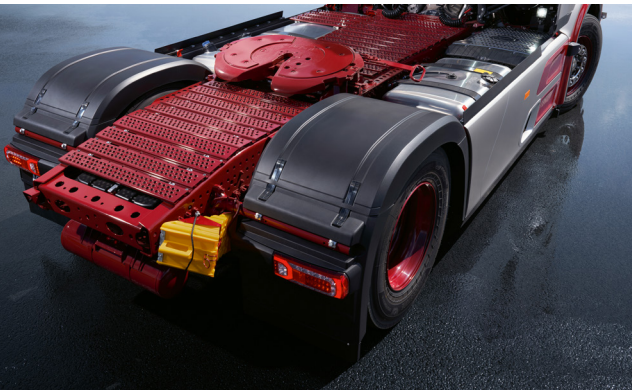

Chrome wings accentuate the Mercedes-Benz star on the front-end flap – inspired by the historic short-hooded trucks. Precision-fit chrome dots transform the trim grille into a sparkling mesh and underline the high-quality appearance.

The sun visor.

The deep-black sun visor makes a confident statement with two additional LED high-beam spotlights – and provides even more light on the road. Aerodynamically integrated, it blends seamlessly into the design language of the ProCabin.

The catwalk.

Stylish and functional: powder-coated tread plates extend all the way to the rear crossmember, taking up the cardinal red of the chassis. The result is an even more premium appearance and enhanced grip.

Rear cab branding.

The additional Actros branding on the rear wall of the cab, finished in elegant bright chrome, emphasises the exclusive character of the “130 Years Trucks Edition” by turning even the rear view into a statement.

Wheel accessories.

The wheels are visually enhanced with premium stainless-steel wheel nut protection rings and stainless-steel wheel trims, including wheel nut caps, complemented by the historic Mercedes-Benz star at the centre.

Windscreen decal.

The historic Mercedes-Benz lettering, reproduced in its original typeface, pays tribute to the brand's heritage – visible on the windscreen and throughout the interior.

INTERIOR

The SoloStar Concept.¹

The optional SoloStar seating area with exclusive leather upholstery in beige and red makes the space seem larger, lends the interior a lounge character and offers drivers the highest level of comfort, even away from the road.

¹ Available in LHD only.

Entry.

The exclusive character of the “130 Years Trucks Edition” becomes apparent even before the journey begins. The illuminated entry strip in the “130 years” design and corresponding badge on the interior trim strip combine exclusive design with the history of Mercedes-Benz Trucks.

Design.

Red decorative stitching, high-quality leather appointments and exclusive leather seats in red and beige shape the interior. The leather steering wheel, leather-covered door handles and armrests as well as the cockpit in Nappa leather underline the premium feel down to the last detail.

Comfort bunk.

Rest and relaxation are also taken care of. The upper comfort bunk offers plenty of space with a width of 900 mm and is easy to reach using the telescopic ladder. Alternatively, a TruckLocker can be selected in place of the upper bunk.

Exclusive floor mats.

Premium equipment down to the footwell: a two-piece floor mat set featuring a finely embroidered Mercedes-Benz star, historic Mercedes-Benz lettering and red piping perfectly matches the leather interior.

The anniversary driver package.

Welcome to the club: with exclusive “130 Years Trucks Edition” accessories, drivers can proudly express their connection to 130 years of truck history.

“130 YEARS TRUCKS EDITION”

Model series	Actros L	eActros 600
Type	963.xxx Tractor or rigid	983.403 Tractor
