

Mercedes-Benz

Midland Truck & Van

Steve Hunt
Managing Director

Midlands Truck and Van, the specialist Midlands Mercedes-Benz dealership is proud to announce the opening of their new Authorised Mercedes-Benz Certified Used Truck dealership for the West Midlands, based in Oldbury.

This is an exciting development for the company which is already well known across the Midlands as the approved Mercedes-Benz Commercial vehicle dealership for the region. The dedicated facility gives them an ideal opportunity to showcase their expanded range of quality, certified used Mercedes-Benz trucks.

Steve Hunt - Managing Director: Midlands Truck & Van said:

"At Midlands Truck & Van we are serious about selling new Mercedes-Benz trucks and quality used trucks which are branded and prepared in line with the Mercedes-Benz Certified brand. We want to only sell quality used trucks and our desire is for the second or third-life customer to experience the strength of the brand from both a product perspective and from our strong aftersales support across the network.

"As a result, I took the decision in April 2024 to invest in a dedicated Used Truck facility that solely focuses on used trucks and nothing else. Working from a dedicated site in the heart of Birmingham we have a team of experienced used truck specialists who are qualified, and knowledgeable and wish to make your viewing or purchasing experience over and above any of your previous procurement requirements. Our site displays our used trucks so that they can be viewed with ease, accessed without hindrance and should a road test be required, it's simple to exit the site without any other vehicle restrictions.

"Come and visit us. All Certified Used Mercedes-Benz Trucks have a maximum age of five and half years, a maximum mileage of up to 550,000km, a minimum of five months MOT, and a minimum of 12 months Warranty or more if desired, but if you aren't happy, a 14-day right to exchange.

"Once in the driving seat you will know you have the backup of the Mercedes Benz national network, roadside assistance via Service 24 Hour and of course, we at Midlands Truck & Van are no more than a phone call away.

"My team and I are serious about used trucks, come, and talk to us, and experience the reality of what purchasing a Mercedes-Benz certified used truck via Midlands Truck & Van is really like".

The Oldbury team will be headed up by Bob Morris – Used Truck Sales Manager, and ably supported by Wayne Wilson Used Truck Sales Executive. Both men are qualified and experienced used Mercedes-Benz truck specialists.

Bob Morris
Used Truck Sales Manager

Wayne Wilson
