At the top, there is a navigation bar with the Mercedes-Benz logo, 'WebParts Store', 'Order history', 'Your account', 'Dealer info', and 'Technical information'. Below this, a header area shows the user is signed in as 'CSUTESTE, Kunde DCUR CD, 48121 Test' and provides a mobile view indicator 'B / 3'. The main content area features a large banner with the text 'Welcome to Mercedes-Benz WebParts, your personal online ordering service'. Three primary navigation cards are visible: 'Specify by model' (with a search for VIN or model code and links to stored vehicles, EPC Web Edition, and BPC - Bus Parts Catalogue), 'Direct input' (with a search for part number and links to import list and template), and 'Offers' (highlighting a 'Van Service Kit Campaign 2016' and a 'Show all offers' link). Below the banner, a 'Quick start / personal favourites' section is divided into two columns: 'EPC browsing history' and 'Order history'. The EPC history lists three items related to a Mercedes-Benz van, and the order history shows three confirmed orders with their respective dates and amounts.
